## Here's What's Happening at Green Bay Austin Straubel International Airport

February 2020

### Book Now for Spring Break

It's not too late to plan spring break! If you're worried about last-minute travel arrangements, look no further; GRB has you covered. Ultra-low-cost carrier [Frontier Airlines](#), offers direct flights to Orlando International Airport (MCO) and has increased the number of flights weekly for the month of April. Meanwhile, [American](#), [Delta](#) and [United](#) all offer a variety of flights to warm weather locations and, in a number of instances, are upscaling planes for more seating capacity. If your spring break travel plans don't involve warmer locations, the airlines serving GRB still have you covered with flights that will get you where you want to go!

And here are a few helpful tips to make your travel go smoother:

1. A month or so before you go, consider registering for [TSA Pre-Check](#). In most cases, you'll be able to get through security quicker and without removing your shoes or jacket.
2. Parking at GRB is quick, easy and affordable. It's a bargain compared to the costs of big city airports.
3. Make sure you have valid ID for you and your entire family.
4. Arrive at least an hour before your flight.
5. Know the rules for liquids in your carry-on bag. Find out what's prohibited by TSA [here](#).

You can find other great travel tips by [clicking here](#).

## **Restaurant Upgrade - Coming Soon!**

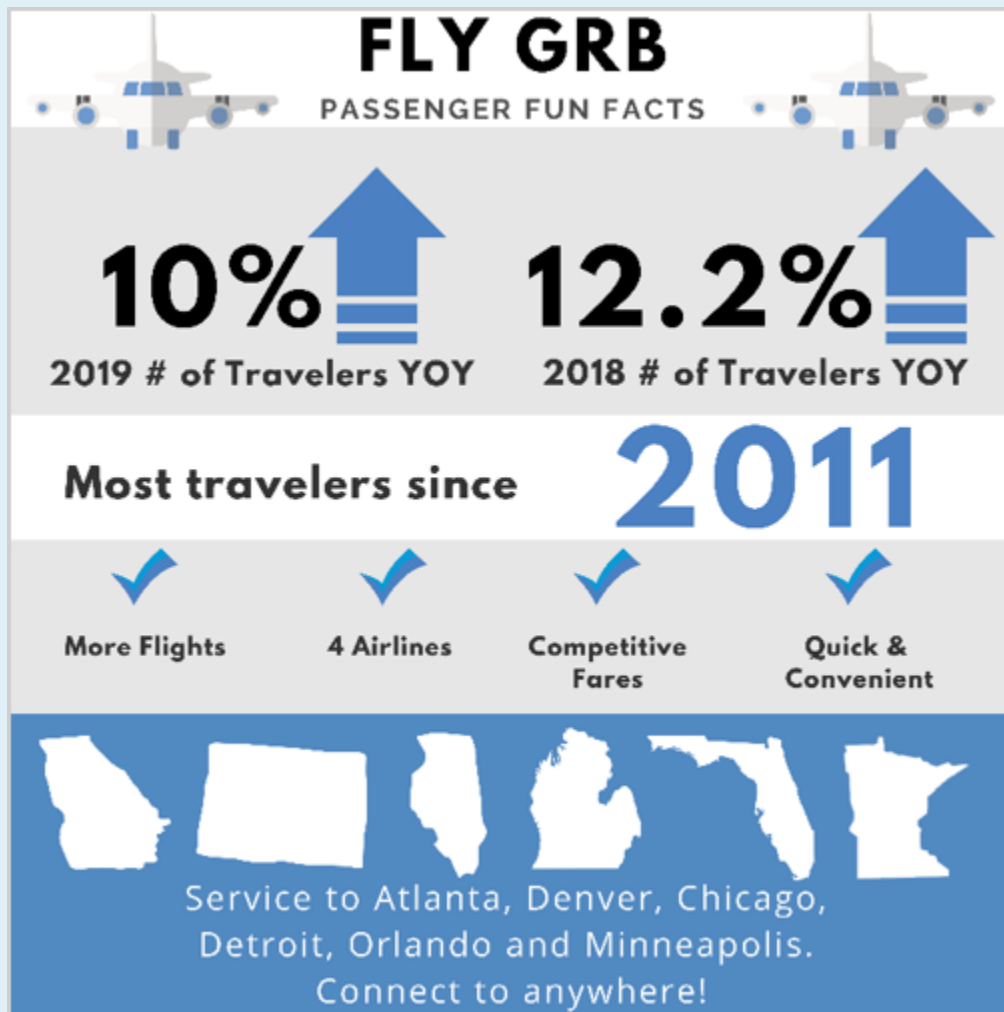

To continue making the GRB guest experience top-notch, we're upgrading our restaurants! Travelers can look forward to a new and brighter look at GRB's main restaurant, as well as the restaurants on each concourse. Plus, there's an expanded menu that includes pizza, grilled foods, local brews and more! Stay tuned on our social media pages for updates on the renovations.

---

## **Travel is Soaring at GRB!**

Thank you, travelers, for another spectacular year! Whether your travel was leisure or business, we sincerely appreciate your support. In 2019, of the number of GRB

travelers grew by 10% over 2018. That comes on the heels of a more than 12% increase the previous year.

Why are more travelers choosing GRB? One of our frequent business travelers recently told us, “GRB is convenient. It’s quick and the prices are competitive. I don’t need the hassle of driving for hours to a big city airport, battling traffic, paying high prices for parking and then dreading the drive home after a long day of travel. I can get to where I need to go with GRB’s airlines. It’s an easy choice.”

Make sure to follow us on social media for the latest updates, events, giveaways and other great information. Or, visit [flygrb.com](http://flygrb.com) to learn more.

## Best Deal Around: Sky Box Lounge

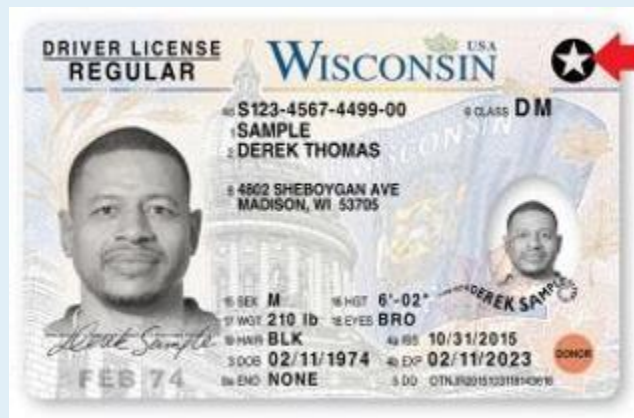

Want a little peace and quiet before your flight? Need to work before you board? Check out the [Sky Box Lounge](#). Members enjoy free Wi-Fi, complimentary refreshments and snacks, comfortable seating, workstations and satellite for just \$30 a year! Lounges can be found on both concourses.

---

## Let's Get Real... Real ID

If you haven't heard, all travelers 18 years of age and older will require a REAL ID or another acceptable form of identification to check in for a flight later this year. A REAL ID-compliant license is marked with a star on the top of the card. If you do not have a compliant license, you will need to go in-person to the DMV to present documentation that verifies who you are in order to get your REAL ID. More information about REAL ID in Wisconsin can be found at [wisconsindot.gov/Pages/dmv/license-drvs/how-to-apply/realid.aspx](http://wisconsindot.gov/Pages/dmv/license-drvs/how-to-apply/realid.aspx).

## Look to the Sky

Look up! In January, a new community collaboration sculpture, “Clean Planet” by artist Gregory Frederic, was unveiled in GRB’s Grand Lobby. Frederic led the sculpture project at The Art Garage; involving local residents in the effort. The sculpture features dozens of painted bottles and is designed to raise awareness about reducing plastic waste, while acknowledging that plastic is an important material to the economy and modern day living.
